This E-news Blast will be sent throughout the year making you aware of past activities and future events.

Special weekend activity programs!

VISION BUILDER ADVENTURES

INSPIRING YOUTH TO SEE BEYOND WHERE THEY ARE!

SAVING A SEAT FOR YOUR YOUTH

Spring Aerodynamic fun in 2016.

Don't forget to add STEM to your curriculums this Fall:

- **DRONES Classes are here!** Drone classes have started. Your kids will have a blast. We are starting to schedule STEM class projects for Summer Camps across the state.

FUN KIDS CLUBS

The school year is just about over. We are starting to schedule STEM class projects for Enrichment Programs for the fall. The following class projects will be in Mecklenburg and surrounding counties. Classes will include:

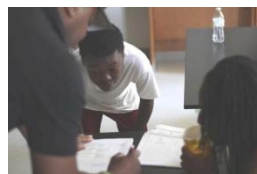

- Introduction to Rocketry Program
- Exploratory Robotics Program
- Basic & 101 Aerodynamics
- Exploring Engineering

We still have the following classes in session as well:

- Leadership 101
- The Power of Choices
- Rediscovering America classes

About the VBA STEM Program:

Some class pictures.

About the VBA STEM Program

VBA serves to inspire kids through the exploration of science, technology, engineering, and mathematics. (STEM) Through our hands on activities, kids explore, ask question, persist and solve problems. By interacting and working with people in STEM careers

kids come to view these careers as exciting and realistic options for themselves. VBA STEM is an approach that each organization can apply to its own programming. VBA may also implement one or more of the following components that have been built around the VBA STEM philosophy. (Dare to Dream)

VBA STEM- Our STEM classes are project based student- centered learning. This program introduces kids ages 10-17 with professions in STEM fields. We help plan and deliver a project program that encourages kids to think like scientists.

Sign your Youth organizations up today! Go to www.visionbuilder.org to schedule (or) for more info.
