Jones County VBA Program: "REWIND"

Event pictures.

In the Leadership 101 class. The topic was based on the acronym H.E.R.O. The kids were thoroughly engaged and involved in the class. At the end of the class the students were challenged to write about their H.E.R.O.

In the Power of Choice class. The kids spoke and shared their views on Choices. (Good and Bad)The kids were excited to share some of their personal experiences. We also had a college student come in and talk about her choices at school. She talked about being away from home for the first time. And the positive choices she made for a successful Academic year.

In the goal setting class we talked about the importance of writing goals down. DREAM+ACTION+DATE= GOAL was the formula of the Day.

In the Rediscovering America Class. The kids learned about the American Revolution. In this class the kids learned about and participated in the story of the American Revolution. Why it was important to us. And Heroes of the Revolution.

Our 4 day Exploratory Rocketry Program, consisted of 4 classes. The class was to form two Rocket Companies and launch their Rockets. In the class they learned about Company project management, Budgeting, and Company Financial management. The two companies formed were Rocket Max and JMAS Rocket Company. Although the Hurricane showed up on launch day, we were able to launch four Rockets.
