

VISION BUILDER

MISSION STATEMENT

The mission of Vision Builder (VB) is the pursuit and teaching of the following principles:

- **Commitment:** VB wants to inspire pro-social friendships, strong interpersonal skills, and instill a sense of hope in the future.
- **Responsibility:** The focus of VB is to empower youth in establishing goals and following through on commitments.
- **Possibility:** VB wants to expand the perspective of young people to make them aware of life's possibilities.
- **Support:** An individual is dramatically influenced by their support system. VB wants to surround young people in a caring, inclusive learning environment.
- **Exposure:** Awaken kids to potential life perception, that will help them make better choices in life.
- **Accountability:** VB teaches them to be accountable for their choices.

“Go confidently in the direction of your dreams. Live the life you have imagined.”

- Henry David Thoreau

VISION BUILDER ADVENTURES

“Write the vision, and make it plain on tables, that he may run that reads it.”
Habakkuk 2:2 AKJ

VISION BUILDER

Vision Builder (VB) is an early intervention kids program. The program provides educational opportunity to young potentially at risk youth. VB enhances a kid's education through Trips. VB trips are focused on exposure. Exposing kids to things, they probably would never see as a youth or in their life time. These trips give kids the vision to dream beyond their communities. Through expanding the kid's vision, they make better choices in life. They make plans for the future, which helps them be better prepared for life.

Vision Builders goal is to expand young minds, and foster a commitment to young people that will promote pro-social friendships, strong interpersonal skills, and reassert a sense of hope in the future. Only through personal relationships can a sense of individual responsibility be reestablished that will give youth the commitment to follow through on path to adulthood with a sense of pride and accomplishment.

VB is a program that is in direct response to the growing number of young people that are either dropping out of school or having early pregnancies. The goal of the program is to identify youths who will have the potential to have a turbulent transition to adulthood and offer positive support system to avoid the pitfalls that can derail their lives. The focus is slightly different at each level but the goal remains the same; empower the young person to make positive changes in his/her life.

VB will focus primarily on late Elementary, and Middle school youths. This age group is particularly problematic and a perfect time for mentoring to be effective.

When the kids finish with the travel part of the program. The VB student program will have them set goals for their future. After the student program, VB mentoring programs will pair a youth with a mentor in his field of interest for 24 months.

Over time, VB will create a learning environment that will be an invaluable resource to young people, aspiring to be whatever they want to be. This will inspire their mentors and the community at large.

VISION BUILDER

DARE TO DREAM

Research has shown that people make a lot of decisions based on their exposure in life. Exposure gives us education that we quite often can't read in a book. Exposure expands our vision. Exposure can make the impossible seem possible.

There are many different types of intervention kids program. Most of them are for kids after they get in trouble.

What makes Vision Builder an outstanding program is that it targets kids early. It gives kids the ability to dream beyond their environments, at an early age. Our philosophy is "Dare to Dream". We believe the youth we serve through our exposure program. Will be less likely to drop out of high school, have an early teenage pregnancy, or follow the wrong Influences. We deliberately designed program to target at risk youth. Our goals are; to help them take steps towards their dreams, and understand the importance of good decision making.
